

INVITATION

# Diabetes dilemma

Brainstorming The Burning Issues

Saturday 12, Sunday 13 August 2023  
Hotel Vrshali Executive, Kolhapur

Dear Friends,

The objective to start this series is to promote evidence based and updated diabetes education through talks, interactions and discussions over an academic platform.

Discussing and brainstorming over the issues will help to transform our doubts to decisions.

This helps each one of us to unlock the problems and freeze the solutions in today's ever changing world of clinical practice.

**Dr. Shailaja Kale**

MD.FRCP [ London ] FACE (USA) FACP  
Organising Chairperson
